Possibility of Serious Trouble  
With Turkey Over Holding  
of Adrianople

## PORTE'S ANSWER TO POWERS EVASIVE

Balkan Peace Treaty Signed  
Amid Booming Cannon and  
Waving Flags

LONDON, Aug. 11.—The possibility of serious complications with Turkey was indicated in today's dispatches from Constantinople, which say the Porte answer to the powers' demand that the Turks evacuate Adrianople and respect the frontier fixed by the London treaty is most evasive. No official statement has been made here of plans to force the Turks to retire if such a move should prove necessary.

## BALKAN PEACE TREATY WAS SIGNED YESTERDAY

BUCHAREST, Roumania, Aug. 11.—The peace treaty between the Balkan states was signed at 10:30 o'clock yesterday morning.

In honor of the occasion the city was decorated with flags, guns were fired, bells were rung and the bands played.

A solemn to deem in the cathedral at noon was attended by King Charles, Queen Elizabeth (Carmen Sylva) and the members of the royal family and delegates to the peace conference. King Charles conferred high decorations on all the delegates except the Bulgarian, who declined them.

The peace treaty provides that the Roumanian army shall evacuate Bulgarian territory in fifteen days after its signature and the Serbian and Greek armies in three days. It also provides for arbitration by Belgium, Holland or Switzerland in the event of a disagreement over the demarcation of the new frontier. Bulgaria expects to begin demobilization immediately.

# LOLA NORRIS NEAR COLLAPSE

Timely Rains in Iowa, Nebraska  
and Missouri Will In-  
crease Yield

SAN FRANCISCO, Aug. 11.—Lola Norris, the younger of the two girls accompanying Maury Diggs and Drew Caminetti in their elopement to Reno, is reported dangerously near a collapse today as a result of nervousness over her appearance tomorrow as a witness in the case against Diggs. Special Prosecutor Roche said that while the girl's condition is unsatisfactory he does not believe she will collapse on the stand. In view of the close political association of Caminetti's father and Federal Judge Dooling, who is expected to hear the latter's case, Special Prosecutors Roche and Sullivan will ask Judge Van Fleet, who is hearing the Diggs trial, to sit in the Caminetti trial, which begins on the completion of the Diggs case.

It is stated today that all four of the principals in the case will testify. The prosecution, however, is making hurried efforts to bring before Sacramento the managing editor of a newspaper, city officials and others in an effort to prove that Diggs, asserting that a public scandal was impending, tried to get the girls out of the state.

## GREAT COUNCIL OF RED MEN AT DENVER

DENVER, Colo., Aug. 11.—Although the Great Council of Red Men does not meet until tomorrow, the preliminary to the annual convention began today with the opening of the Degree of Pocahontas Great Council. Four hundred delegates from all sections of the country are in attendance. The principal work tomorrow will be discussion of ways and means of raising money to care for the orphans of former members of the Red

# Cavalry Squadron at Ft. Leavenworth Ready for Field

FORT LEAVENWORTH, Kas., Aug. 11.—The second squadron of the Fifteenth Cavalry is ready to take the field at a moment's notice. All equipment is packed, and 50,000 rounds of ammunition have been issued. Officers say they have prepared for any emergency, but refuse to admit the receipt of specific instructions from Washington.

# THREE ARE DEAD AND TWO DYING

Two Autos Demolished by Fast  
Southern Pacific Train  
Near Oakland

OAKLAND, Aug. 11.—Two more persons are dying as the result of the collision of a Southern Pacific fast train and two automobiles here last night, when three were killed and eight hurt. The dead are Mrs. John Bellini, San Francisco; Albert McTeer, Oakland; Mrs. Margaret Oldweld, San Diego. The dying are John Bellini and Donna Bellini, his daughter.

At the point where the accident occurred, the highway nearly parallels the railroad track. The machines were running at a good speed, but those who escaped grave injury said they were not racing and attributed the accident to a lantern on a pile of dirt near the roadside.

John D. McTeer of Oakland, who drove the leading car, tried to pass in front of the train. When he saw the danger he tried to warn John Bellini, driving the second car.

Bellini elected to hurry, but failed to cross the tracks in time and his machine was struck squarely in the middle by the cowcatcher of the engine. The right rear wheel of the leading car was struck and the machine was thrown sixty feet.

When the engine of the flyer crashed into the machine the Bellini car was demolished and the McTeer car was hurled a distance of fifty feet, striking the side of the railway depot.

# TWO HOMES ON NEW MEASURES NORTH MAIN ROBBED EFFECTIVE TODAY

Burglar Entered Residences of  
W. F. Lutz and E. E. Rems-  
berg Saturday Night

## JEWELRY AND \$20 REPORTED MISSING

Method Used Was Enter Places  
During Absence of Occupants  
Early in Evening

Burglary: Residence of Wm. F. Lutz at 1415 North Main street entered Saturday evening between 7:30 and 10:30 o'clock, and two gold watches, two rings and gold bead necklace stolen.

Burglary: Residence of E. E. Remsberg at 1701 North Main street entered Saturday night between 7 and 11 o'clock, and gold watch and \$20 stolen.

Saturday night a burglar entered two Santa Ana residences and got away with articles worth \$150 or more.

In each instance entrance was gained by the use of a jimmy applied to a window. The marks upon the windows indicate that the same jimmy was used at the two places, at the residence of Wm. F. Lutz, cashier of the California National Bank, at 1415 North Main street, and at the residence of E. E. Remsberg, manager of the Santa Ana Bath House Co. and Santa Ana Athletic Club, at the northeast corner of Seventeenth and Main streets.

Here is undoubtedly the procedure used by the burglar. He selected a residence that was dark. It being still early in the night the fact that the place was dark indicated that there was no one at home. The burglar made certain of that fact by ringing the door bell. Receiving no answer, the conclusion that the people of the house were absent was strengthened, and the burglar then jimmied his way through a window.

At the Lutz residence a south window was pried open, the latch of the window breaking under the strain of the jimmy. The man used what are known as California matches to do his investigating. He evidently went directly to the bedrooms, and tumbled contents of bureau drawers out upon the floors. He passed up many articles of value, taking gold articles only. He overlooked a valuable watch belonging to Mr. Lutz, which was in a vest hanging up. In Miss Lutz's bedroom, the thief got two gold watches, two signet rings and a gold bead necklace.

A kitchen window was jimmied at the home of E. E. Remsberg. At that place a search of the bedrooms was conducted, matches being used, and from Miss Remsberg's room a gold watch and two \$10 bills were stolen.

Mr. Lutz found that his home had been burglarized when he reached home about 10:40 o'clock. Officers Murray and Davenport responded to his telephone call, and they made a search of the premises, but secured no tangible clues. Twenty minutes later a call arrived at police headquarters from Mr. Remsberg, who had just returned from his place, and from Miss Remsberg's room a gold watch and two \$10 bills were stolen.

# PRESIDENT THINKS SITUATION CLEARED

Indicates He Has Little Doubt of Friend-  
ly Settlement—Lind Reaches Capi-  
tal; Little Excitement

WASHINGTON, Aug. 11.—The President believes the Mexican situation has considerably cleared and that Huerta will now adopt a conciliatory attitude. At the weekly conference with newspapermen today he indicated that he has little doubt of a friendly settlement.

Huerta is expected to hasten the national elections, and if he refuses to do this, Lind will determine what forces are behind Carranza, who aspires to the presidency. Senator Shepard of Texas told the President today that he believes 60 per cent of the Mexicans favor Carranza's candidacy.

The President doesn't agree with Senator Williams that an organized financial movement exists to force intervention. Representative Kahn's suggestion that Brazil, Argentina and Chile be asked to act with America to secure a fair election has not been officially brought to the President's attention.

There will be no effort to hurry Lind's work.

## LIND REACHED MEXICO CITY LAST EVENING

WASHINGTON, Aug. 11.—John Lind, personal representative of President Wilson to investigate the Mexican situation, arrived safely in Mexico City last night, according to a dispatch received at the State Department from Charge O'Shaughnessy of the United States embassy at an early hour this morning. Secretary Bryan remained at his desk until after midnight to receive the news.

Students and laborers, estimated to number 1000, paraded the streets of Mexico City yesterday and carried banners as a token of their approval of President Huerta's stand against accepting mediation by the United States.

President Huerta had given his approval to the demonstration and he and the members of his cabinet reviewed the parade from a balcony of the palace. There was no disorder.

News of the safe arrival of Mr. Lind with his wife and party in the Mexican capital followed several hours of suspense. The complete absence of any information of the progress of the party from the time it left Vera Cruz early yesterday morning signs on discharge or transfer papers by employers, a system said to be general throughout the state among railroads and big corporations.

Six hundred and eighty-six new laws are in effect in California today. Only four measures of the hundred passed by the recent legislature are held up until the next general election by the referendum. These are the "Red Light" Abatement, Non-sale of Wild Game, Blue Sky, and Water Commission laws. The last two were among measures advocated by the governor over which legislative battles raged.

At midnight a checking of the saloon closing referendum failed to show sufficient signatures to hold up the measure, which calls for the closing of all saloons in the state from 2 to 5 a. m.

# GAME PRESERVE ESTABLISHED TODAY

New Law Goes Into Effect Pre-  
vents Hunting on Portion of  
Cleveland Forest

## DESCRIPTION OF LAND SET APART

Bill Was Introduced by Senator  
Anderson at Suggestion  
of Association

Today the new game preserve in the Trabuco division of the Cleveland National Forest became established. A bill setting apart the game preserve was passed by the last legislature and was signed by Governor Johnson. The law went into effect at midnight last night.

The land included in this preserve takes in much of the high mountains of the Santa Ana range in both Orange and Riverside counties. Hunting is prohibited in that territory. All of it lies within the boundaries of the federal forest, and the reserve was made with the sanction of the forest authorities.

This reserve includes but little of the small game territory, and is meant primarily as a refuge for deer. For that reason the deer hunters who so out on Friday of this week after bucks must avoid getting into the preserve. It is understood that the forest authorities are as much interested in maintaining this preserve as are the state authorities, and offenders will find both state and federal authorities on their trails.

The reservation was not formed under the state law that allows reservations to be established by order of the Fish and Game Commission. It is formed by enactment of the legislature, and there is no provision in that enactment that the reserve must be posted.

The description of the reserve follows, excluding private holdings:

## BEAUTY OF COUNTRY FELIX DIAZ' THEME

SEATTLE, Aug. 11.—Felix Diaz and staff left Seattle this morning for Vancouver, whence he sails Wednesday for Japan. Yesterday Diaz gave an extremely guarded interview to a few newspapermen, but refused to make any definite statements regarding anything except the beauty of the country. He declined to discuss Lind's mission to Mexico. He explained his journey to Japan as "a polite mission."

## CURRENCY CAUCUS BEGINS IN HOUSE

WASHINGTON, Aug. 11.—The house Democratic currency caucus began today. The program is consideration of the Glass bill as approved by the house currency committee. Scores of Democrats have returned from vacations to participate. Efforts to open the caucus to the public and the press caused the first dispute today. The Democratic leaders are vigorously opposing the proposition.

## NEW PLAY DEALS WITH SUCCESS OF SUFFRAGE

WASHINGTON, Aug. 11.—High above the hot city on the roof of the studio house, Mrs. Barney Hemmick, the fairy godmother of Washington society, is writing a new play. Like all of Mrs. Hemmick's recent writings it is devoted to the uplift of women, and deals, it is said, with the success of women in world government after they have acquired the vote.

## PROCLAIM GENERAL STRIKE IN ITALY

MILAN, Aug. 11.—A proclamation of a general strike throughout Italy was made today by the Syndicalist and Socialist Workers' Union. Strikers and troops clashed frequently throughout the day, the mobs throwing stones and persisting in singing the "Marseillaise" and various anarchistic songs until dispersed at the point of the bayonet.

# The Reinhaus Department Store's Great Sale

## Continued to Saturday, Aug. 16

Owing to the fact that we are receiving a great many inquiries about the termination of our sale from customers who were away from home or were for other reasons not in a position to participate in this great feast of bargains, we have concluded to extend the sale until Saturday, August 16, but this date will positively terminate this great reduction sale, as the arrival of the new winter goods makes it absolutely impossible to continue the same any longer.

## MONDAY AFTERNOON'S SERMON

As preached yesterday by Rev. Wm. Thomas, Pastor of Immanuel Baptist Church.

Text John XI: 24.  
"The people answered him, We have heard out of the law that Christ abideth forever; and how sayest thou, The Son of man must be lifted up? Who is this Son of man?"  
Jesus Christ is a puzzle to them. They do not comprehend Him. His two-fold nature is unrecognized. His words are misunderstood. The purpose of His mission is not perceived. Why? Prejudice blinds. Partial knowledge perplexes and leads to wrong conclusions. This living and perfect Christ does not agree with their imperfect knowledge of the Messiah as portrayed in the law. "We have heard out of the law that Christ abideth forever; and how sayest thou, The Son of man must be lifted up? Who is this Son of man?" His reply is not an answer, except

in so far as it silently accepts the abiding character of the Messiah. But it is an earnest exhortation coupled with faithful warning. "Then Jesus said unto them, Yet a little while is the light with you. Walk while ye have the light, lest darkness come upon you: for he that waketh in darkness knoweth not whither he goeth. While ye have light, believe in the light, that ye may be the children of light."

Truly the Messiah abideth forever, but He is with you only for a little while—use your day by believing in Him, lest darkness come upon you. The divine revelation and the living Messiah agree. The Old Testament and the New Testament agree. The Son of man must be lifted up. The various parts of the divine plan of the redemption of the sinner make up one great and

complete whole. The part most objectionable to some men is essential to the unity and perfection of the whole. "The Son of man must be lifted up." What is the meaning of it? Herein is the necessity for it? Questions that are asked now as well as then.

1. He must be lifted up to make clear to men who He is. Jesus up to them. When ye have lifted up the Son of man, then shall ye know that I am He. "Then shall ye know, First and foremost, then shall ye know who I am—Son of God and Son of man. Was Jesus Christ a man? Go to the Cross and see Him die. Man only dies. God cannot die, but man is mortal and dies. Death is universal; therefore when I see Jesus dying on the Cross, I cry, 'Behold the man!'" Was He Son of God? Again go to the Cross and see. He dies as no other man ever did. The attending circumstances prove it. Listen: "Now from the sixth hour there was darkness over all the land unto the ninth hour. And about the ninth hour Jesus cried with a loud voice, saying, Eli, Eli, lama sabachthani? that is to say, My God, My God, why hast thou forsaken me? Some of them that stood there, when they heard that, said, This man calleth for Elias. And straightway one of them ran and took a sponge, and filled it with vinegar, and put it on a reed, and gave him to drink. The rest said, let us see whether Elias will come to save him. Jesus, when he had cried again with a loud voice, yielded up the ghost. And, behold, the veil of the temple was rent in twain from the top to the bottom; and the earth did quake and the rocks rent; and the graves were opened; and many bodies of the saints which slept arose."

Again, "Now when the Centurion and they that were with him, watching Jesus, saw the earthquake, and those things that were done, they feared greatly, saying, Truly this was the Son of God." Christ's word is fulfilled. "Then shall ye know."

New City Directory

The Santa Ana Directory Co., L. H. Padgham, manager, have been working for over three months on a directory of the city of Santa Ana. Miss Grace E. Brinker has acted as stenographer and typewriter. We are not "expecting to begin," but have made great progress on it and it will soon be ready for delivery. It will have many changes and be much more valuable as a directory. We shall make a canvass that will be more correct than any census that has ever been made. Santa Ana has had the best directory in the state since Mr. L. H. Padgham has done the work of compiling them. He will give this his personal supervision and can promise you a complete and correct directory.

DREDGER AT WORK

SUNSET BEACH, Aug. 11.—The dredger is now at work at the head of the lagoon back of Sunset Beach, widening and deepening the channel, removing large quantities of earth daily. The channel will be given a depth of from ten to fifteen feet at low tide. Mr. Ordway has just begun a \$4500 residence and garage at Sunset Beach. Engineers are engaged in surveying for the road from Sunset Beach to Anaheim Landing to connect with the new bridge to be built across Anaheim Bay, the whole to form a part of the coast boulevard.

## BROOM PLANT NOW STARTED

New Industry Will Be in Full  
Swing by the First of  
the Year

HUNTINGTON BEACH, Aug. 11.—Work on the new Van Winkle broom factory has been begun, and it is expected that the plant will be in operation by the first of the year.

The Huntington Beach Company is doing extensive road and street work on its tract surrounding Huntington Beach. Garfield avenue is being improved from its intersection with the county boulevard to the western edge of the bluff. Alamitos street is being improved from Garfield north through the farm subdivision, which has just been sold by the Shorer Investment Company. The company will start this week on the grading of Snelitzer, Westminster and Crystal avenues. The temporary pier at the foot of Main street has been completed to its length of 1400 feet and work will now be started in sinking the heavy concrete piling.

A cannery establishment was opened this week by E. L. Pearce of this city at Twentieth and Olive streets, and he is selling his product as fast as it is ready for shipment, chiefly to Riverside county. Tomatoes, peas and corn are used.

## INJURED WHILE HE WAS BOARDING TRAIN

FULLERTON, Aug. 11.—William McGimpsey, a traveling salesman for the Panama Fruit Company of Los Angeles, was seriously injured here yesterday afternoon when he fell in attempting to board a Santa Fe train that was well under way. Dr. E. J. Gohar, who treated Mr. McGimpsey, stated that he had received two scalp wounds and possibly internal injuries. Mr. McGimpsey was taken to the home of his wife's parents, Mr. and Mrs. C. B. Gage.

## CLAIM THAT CASTRO HAS BEEN CAPTURED

CARACAS, Venezuela, Aug. 11.—Fighting continued today in the state of Jacaranda between government and rebel troops. Although definite word is lacking, the government claims the revolution will be short lived. President Gomez is personally leading his troops. Official dispatches say that federal General Basadre and Colonel captured General Torres Castro, the rebel leader, and a relative of Cipriano Castro, with his entire command.

## THREE CORNERED LIQUOR FIGHT ON AT AVALON

AVALON, Aug. 11.—Will Avalon have three wideopen saloons and as many wholesale liquor houses as it can find locations for, two saloons restricted, or go "dry"? Is the political problem that confronts this new city at the sixth class. At a meeting of the board of trustees Saturday, September 11 was the date set for the election and the board also placed itself on record as being opposed to a wideopen town. Members of the board will enthusiastically support their own ordinance for two saloons, restricted, and as a license fee of \$1800 per annum.

The proposed referendum election promises to provide the hottest political campaign ever held here. Three factions are in the field. All are equally sure that the election day will pronounce them victorious. Every eligible resident on the island who has been here for thirty days or more, registered Saturday so that they could participate. Over one hundred registrations have been made during the past three days.

## GREAT COUNTY SAYS VISITOR

Oakland Booster Enthusiastic  
Over Variety of This Sec-  
tion's Products

"This is a great county," said Paul Goldsmith last Saturday. Goldsmith is secretary-manager of the Alameda County Exposition commission with headquarters at the Oakland Chamber of Commerce. Last week he brought his bride to this end of the state for their honeymoon, and in Los Angeles they met D. W. McDannald, the county's representative at the Los Angeles Chamber of Commerce. McDannald brought them down to Orange county to see a county that is worth going far to see.

"It is a great county," repeated Goldsmith. "What surprises me most is the variety of your products. I have seen more fruits and vegetables and other products today than most easterners imagine could be found all over California."

"Up in Alameda county we have some great crops, but there are not many of them. Pears, cherries and peaches—those are the great things there."

Goldsmith said that his county was having a great fight to get proper recognition at the Panama Pacific Exposition.

"We have a continual fight up there," said he, "against San Francisco. The tendency of any large city is to gobble up all the surrounding country, and to take unto itself everything it possibly can. I presume you know that. Being so close to Los Angeles, this county has doubtless experienced some such conduct on the part of Los Angeles."

"I am very glad indeed that we came here and saw your magnificent orange and lemon groves, your beautiful Tuscan drives, that wonderful Skyline drive at Lemon Heights, that superb Hewes Park and the fine country around Santa Ana and Orange, including the sugar factories south of Santa Ana."

## NEW RECORD FOR SUGAR IMPORTS

Increase in Last Fiscal Year of  
250,000 Tons, But De-  
crease in Value

WASHINGTON, Aug. 11.—More sugar was brought into continental United States in the fiscal year just ended than in any other year in the history of the country, according to the latest figures of the Bureau of Foreign and Domestic Commerce, Department of Commerce. The quantity of sugar entering from foreign countries and our own islands in the year ended June 30, 1913, was 6 1/2 billion pounds and exceeded by 500 million pounds the figures of the former high-record year, 1912, when the imports from foreign countries and the islands were, in round terms, 6 billion pounds. Of the 6 1/2 billion pounds brought in during 1913, 4 1/3 billions came from Cuba, 1 billion from Hawaii, three quarters of a billion from Porto Rico, nearly a quarter of a billion from the Philippines, and the remainder chiefly from South America. Java, which has in some years sent us as much as 1 billion pounds of sugar, sent but 13 million pounds in 1913; while the quantity from Europe, chiefly beet sugar, was 182 million pounds, against but 6 1/2 million in 1912, but being materially less than in certain earlier years, the total quantity of beet sugar imported in 1911 having been 908,633, 678 pounds, and in 1897, 1,865,567,495 pounds.

In value, however, the year's receipts of sugar fell nearly 20 million dollars below those of last year, despite the fact that the quantity received was 500 million pounds greater. The total value of sugar imported from foreign countries during the fiscal year 1913 was \$104,639,323; and of that coming from Hawaii, \$36,697,829; from Porto Rico, \$26,619,158, and from the Philippines, \$4,593,199; the latter, however, being included in the figures of imports from foreign countries. The average value per pound of the sugar imported from foreign countries in the fiscal year 1913 was 2.2 cents, against 2.81 cents in 1912, 2.46 cents in 1911, and 2.6 cents in 1910.

These figures, which show that the sugar imported in 1913 exceeded that of any other year, suggest that the sugar consumption of the United States in 1913 will be larger than ever before and will, for the first time, exceed 8 billion pounds. The quantity brought from foreign countries is about 4 1/2 billion pounds, and from Hawaii and Porto Rico nearly 2 billion, while the domestic production now approximates 2 billion pounds, the figures for 1912 being, of beet sugar, about 1,200 million pounds, and of cane sugar, 724 million pounds. Speaking in very round terms, it may be said that foreign countries supply approximately one-half of the sugar consumed in the United States, our own islands

Mighty few readers of the Register will ever have any use for the information contained in this article. It is a story of a visiting day, but it is not one of those kind where "light refreshments were served." It has to do with visiting day at the county jail, and unless you have a friend in carceral there or expect to have a mishap of that kind befall some friend of yours, you need not read the rest of this unless you feel that you have time to be informed of the fact that Sheriff Riddick has changed visiting days at the county jail.

Hitherto visitors with permits secured at the sheriff's office would be admitted to the jail on Mondays and Thursdays from 9 a.m. to 4 p.m. Most of the visitors are Mexicans, and since a good sized gang of prisoners has been employed on the county farm, many of the visitors have their trip to the jail for naught. Oftentimes arriving there they find that the person they wanted to see is out at West Orange smashing clods or digging a ditch. Prisoners are kept in Saturday afternoons, and the sheriff concluded that it would be more convenient all around if Saturday were made visiting day. Commencing this week, permits will be issued at the sheriff's office from 9 to 12 on Saturday mornings, and visitors will be received at the jail from 9 to 11 on Saturday mornings and from 2 to 4 on Saturday afternoons.

Here are the rules of the Saturday receptions: Visits are limited to fifteen minutes. Conversation must be in the English language, or a suitable interpreter furnished by the visitor. Visitors must not carry correspondence to or from the jail. Food and tobacco from the outside can be furnished only through the jailer. All persons under a felony charge must be taken to and from jail handcuffed,

Sugar from Cuba makes its highest record in 1913, 4,311,744,043 pounds against 3,599,657,596 pounds in the former high-record year, 1910, while that from the Dutch East Indies (principally Java) makes its lowest record in many years, being but 12,759, 756 pounds, against 340,396,410 pounds in 1912, 916,858,331 pounds in 1909, and 1,162,202,854 pounds in 1910.

Figures indicate that the United States is clearly at the head of the list of sugar-consuming countries, the figures of the current year suggesting a consumption of more than 8 billion pounds while the latest available figures indicate a consumption in India of about 6 billion pounds, in Great Britain over 3 1/2 billion, Russia 3 billion, and Germany 2 1/2 billion pounds.

RUSHING TRETTLE  
FOR THE NEW LINE

SEAL BEACH, Aug. 11.—The work is being rushed rapidly on the trestle connecting Long Beach with Seal Beach and it is expected that a big celebration known as "Long Beach Day" will mark the formal opening of this last section of the coast line. Seal Beach will become the transfer point of all cars coming from the South coast for passengers desiring to go to Long Beach and vice versa. The transfer point is now Zatteria and the new arrangement will give Seal Beach a car to and from Los Angeles every fifteen minutes.

## LOST AT WEST END OF NORTH POLE, HE SAYS

VENICE, Aug. 11.—The day's representative of The Lost Sailor Who Placed A Note in A Bottle Association turned up last night at the police station when Officer Hans Wagner turned in a note found in a bottle at Playa Del Rey. As a slight variation to the usual rule, this lost sailor enclosed his message in a beer bottle instead of a flat faced flask.

The note reads:  
"About 140 degrees West longitude by 90 degrees North latitude. We are lost. Come get us. Aug. 10, 1910."

Captain William Cavanaugh, of the police, formerly a mariner, says the lost sailor was badly lost according to the latitude and longitude given.

## THE SUMMER COTTAGE

Formerly it was supposed, if you spoke of your summer home, that you were fruit for an income tax. With the common use of the word "shack" a different kind of vacationing came in. The summer home need not be a thing of servants and bath rooms and costly furniture. Many people arrange it on a basis where it is much cheaper than boarding at even an inexpensive resort.

Sooner or later most people weary of the artificial atmosphere of a summer hotel. They have tested the aridities of its conversation. They have danced to all the new dances, and heard the rise and fall of successive eras of ragtime. A longing for the simple life begins to come over them, where the children don't have to be dressed up as for church three times a day.

The real essentials of comfort are good beds and good food. With a few hundred dollars these can be assured, up to the point where the cook determines the fate of your housekeeping.

Formerly the summer house was usually thought of as connected with some exclusive colony, having stables full of horses or hooters, shaver lawns, carefully tended shrubbery. Now people go out into the nearest woodland or mountains or waterside and build a little haven of rest from labor, noise, dust, and the steamy air of towns. Its walls may consist merely of matched boards nailed over a framework, minus inside finish, carpets, rugs, or plumbing.

But the air is just as tonic, the woods are just as green, the sun dances as merrily on the water, the human companionship may have just as much charm, as if they paid thousands for their outing.

The happiest summer vacations are the most informal. The fellows who wash the dishes and picnic with the girls in some frail and obscure shanty get much better acquainted than if they motored along to the oases of stiff fashion at costly hotels. College songs, the woodland ramble, the mountain climb, the dip in the briny waves are better than dress suits and dancingmaster steps.

## SMOKING BY WOMEN

Society circles report a steady increase of the habit of smoking by women. But while it has become common in the gilded circles of aristocracy, it makes but little progress among everyday people.

The difference between the European point of view on this question is plain and American point of view on this question is singular. The heroines of the standard English novels smoke freely, and from all accounts the practice is so common as to attract little notice.

In this country where a woman is seen smoking in some hotel or public place, a crowd often gathers around as if she were a polar bear in a cage. American opinion gives women the highest range of freedom in the world. It permits its girls solitary association with men that would create newspaper scandal in Europe. Connected with this implicit trust are severer standards of conduct. Acts that are condoned as morally and socially harmless in the case of men are condemned when committed by women. Smoking is a conspicuous illustration.

Public opinion, which probably soon make changes in the attitude of both sexes toward My Lady Nicotine. The gates of all occupations are falling before the daughters of Eve. They can work at any honest, clean task. Their habits and diversions will be likely to coincide more and more with men's. The future will probably see less discrimination between them and men on the tobacco question—more's the pity!

On the other hand, there is a growing sentiment in favor of the best physical development. The abstinence of the non-smoking man is likely to seem less eccentric than in the past. These are the days of efficiency. The human machine must have the wisest, kindest treatment to run the swift race of modern business. Many young men feel that tobacco is a dead weight. Their choice will command respect, and will not seem so unusual as it was formerly regarded.

## Might Do His Best

And old reprobate of seventy protested, with outstretched hands, to Justice Hawkins against a sentence of 20 years' penal servitude, or "slavery," as his severe, but upright, lordship loved to call it. "Oh, my lord, my lord, I can never do it." "Never mind," came the answer. "Never mind, do as much as you can."

Editor Register:—In last Saturday's Register Mr. M. C. Wineteer proves to us by means of a goodly array of proof-texts from the Bible that man "when his breath leaves him, he will again be lifeless—a dead soul." It would be an easy matter to cite an equal number of proof-texts from the same source to establish the opposite theory. Your correspondent has a perfect right to his opinion and to all the comfort it gives him. And so has every other wielder of proof-texts.

However, it may not be altogether useless to call to mind the following lines:  
"He that doth look on glass,  
On it may rest his eye;  
Or, if he chooses, through it pass,  
And all the heavens espy."  
For the benefit of the dwellers among proof-texts I wish to make a slight change and make it read thus: "He that does look on Book,  
On it may rest his eye;  
Or, if he chooses, through it look,  
And all the heavens espy."

## NEWSBOYS DISPLAY COMMENDABLE TASTE

PITTSBURGH, Aug. 11.—A martyr to fashion, W. Leflingwell Doak, of the North Side fashionable set, was mobbed by newsboys in Fifth avenue when he appeared in slit trousers.

Mr. Doak's trousers were of a light check material. The slit extended from the bottom of the legs on the outside to within about six inches of the knee. A glimpse of bright green hosiery, of the long feminine variety, was disclosed. Mr. Doak carried a light bamboo cane and a handkerchief was tucked in the cuff of his right sleeve. He was the first follower here in the style predicated at the national convention of tailors, at Cedar Point, Ohio, last week.

Mr. Doak bore the clamorings of the boys until they began to kick him in the shins. He called for a policeman and when one appeared the boys scattered. Mr. Doak took a car, announcing that he would go right home and change his clothes.

**KILLS HIMSELF TO SPITE MOTHER-IN-LAW**  
NEW YORK, Aug. 11.—Joseph Mastero of 117 Christopher street jumped from the Staten Island ferryboat Richmond, and according to nearby passengers a quarrel with his mother-in-law was the cause. The ferry was stopped and a lifeboat lowered, but nothing was seen of the man, and it is believed that he was drowned.

Mastero was on the upper deck with his wife, Marie, and her mother, Mrs. Mary Schweitzer of Richmond Terrace, Port Richmond. According to several passengers, Mastero was reclining with his head in his wife's lap when Mrs. Schweitzer leaned over and said something to him.

"Well, if you don't want me I'll jump overboard," answered Mastero.

## NEWSY NEWS FROM NEW YORK

By Carlton Ten Eyck

NEW YORK, Aug. 11.—New York women have not yet got the ballot but they know a lot about politics. Many of the matrons of Manhattan could teach their husbands a lot about wire-pulling and influence and the like.

Politics in a flat is just as exciting as politics in a ward, and when it comes to maneuvering and scheming for favors, the assembly district has nothing on the apartment house, politically speaking.

The "district leader" of the New York apartment house is the janitor, and no Tammany sachem is more powerful in his bailiwick, nor more sought after. The janitor is the domestic arbiter of the place. The whyness of this condition is that in the modern Tower-of-Babel beehives that hundreds of thousands of Gothamites call home, there are many conveniences and appliances that are used in common, such as the dumb-waiters and the like. Everybody wants to use these things first, of course, and hence the politics.

One of the best examples of politics in a flat is to be found in the older houses in the downtown residence districts which have common laundries in the basement. In the more modern apartments uptown, laundry tubs are in each apartment, and the biggest bone of contention is thus removed.

But a large number of the New York apartment houses are equipped with common laundries, wherein only a limited number of family washings can be done at one and the same time. Probably because of the Biblical injunction that "cleanness is next to Godliness," most of the housewives desire above all things to wash on Monday. If they cannot have that day, they want the nearest to the first of the week that they can get.

The janitor is the autocrat who allots washdays, and thus he is the recipient of all sorts of hints, bribes and persuasions. He has various expedients for settling the clamor for washdays.

In some houses the days are allotted by floors, Monday for the first floor, Tuesday for the second, and so on. Other janitors give tenants their choice of days alphabetically, that is, the Andersons, Adamsons or Abrahams can wash on Monday, the Browns or Bennetts on Tuesdays, etc. In other houses the matter is settled by seniority; the tenants have their choice according to the longest term of residence in the apartments.

Speaking of washdays, the most unpopular day in New York for that purpose is Thursday, for that is almost universally the "day off" of the cooks and maids. Other things that cause politics in the apartment houses are the washing of windows, cleaning of rugs, redecorating, painting, etc.

**OREGON DECLARES WAR TO THE DEATH ON JACKRABBITS**

PORTLAND, Ore., Aug. 11.—Definite steps by the state of Oregon to exterminate the pest of jackrabbits which has been on the increase in Eastern Oregon for years are being put under way by the commission recently appointed by Gov. Oswald West for the purpose.

A meeting of the commission was held Saturday at which the ways and means of giving relief to the farmers of Malheur, Harney, Lake and Umatilla counties were discussed. The consensus of opinion was that the concerted "drive" is the most efficient method.

It was shown that 18,000 jackrabbits had been penned and killed in three drives recently held by farmers.

The commission decided that it would encourage the killing and marketing of jackrabbits in larger numbers than hitherto, and promote the commercialization of the rabbits' hides and fur.

Some of the ultra-modern houses now have their own vacuum cleaners. These are allotted as are the wash rooms of the older houses, and the plotting and scheming for their use is something to marvel at.

House-boating all summer for only \$1.40 a day is something that sounds almost incredible to the New Yorker, unless he knows how it is done. The simple scheme was explained by a young Harlem wife and mother. She told how all summer long she had a big roomy houseboat for herself and the baby, with big wide verandas looking out over the Hudson, and most of the time in midstream where it was coolest, all for less than a dollar and a half a day.

It all came about because her husband was sick all spring. He had lost so much time with sickness that he could not himself afford to go away for the summer, and the wife would not leave him alone. It was the little girl baby's second summer and she needed fresh air.

"One morning," said the young matron, "I had finished my marketing. It was very hot and baby was tired and a little bit cross. I looked over a few blocks and saw the Fort Lee Ferry. I got the idea that a river ride might help the baby and we went on board. The child fell into a peaceful sleep, and she was sleeping so soundly when the boat returned from the Jersey shore that I made another round trip."

"That gave me the idea. I calculated that to ride on the boat from 10 o'clock in the morning, when my work and marketing was all done, until 5 in the evening, when Jack came home, would cost only \$1.40—one round trip at 10 cents every fifteen minutes; 20 cents an hour; \$1.40 a day. That really was not a bit extravagant, when I thought how much a vacation would cost with railroad fare, board, and everything else. A real big, roomy houseboat for \$1.40 a day was within my grasp."

"The next day I tried it. I fixed up two thermos bottles of milk for baby, a luncheon for myself, and took along some sewing and a book. At 10 o'clock, when we went aboard, the early rush was over and we had the upper deck almost to ourselves. Baby and I played for awhile and then she went to sleep. When she awakened I gave her the milk and ate my own luncheon. The rest of the time I read and sewed. It was delightful. That was the first of many days of rest on the river. We went almost every day. Several times I met other people who had thought out the same plan. One was a woman with a little girl. Another was a woman artist. She laughed heartily when she saw I staid on the boat all day as she said, 'I thought I had a patent on this discovery.'"

**MAURICE T. DOOLING NOW FEDERAL JUDGE**

SAN FRANCISCO, Aug. 11.—The oath of federal judgeship was administered today to Maurice T. Dooling, of Hollister, appointed by the President to succeed the late Judge J. J. Dehaven. Judge Van Fleet officiated. Dooling appeared in the "hickory" shirt which has distinguished him since entering public life. Unless Judge Van Fleet changes his plans, Dooling's first case will be that of Drew Caminetti, son of Commissioner General of Immigration Caminetti, charged with white slavery.

**IN HARMONY WITH NATURE**

Will G. Richmond, Ingleswood, Calif., says he will be glad to answer any inquiries regarding the benefit he had from using Foley's Honey and Tar Compound. "It has also greatly benefited me for bronchial trouble and cough, and acts so well in harmony with nature, it is more like a food than a medicine." Rowley Drug Co., and White Cross Drug Co.—Advertisement.

George Bradford, living at River-side Hotel, Colusa, Calif., reports that he had a very severe case of kidney trouble and backache, which also affected the secretions. He says, "I took five boxes of Foley Kidney Pills and they cured me." All over California people report that Foley Kidney Pills "cure." Rowley Drug Co., and White Cross Drug Co.—Advertisement.

# SEVERE STORMS IN EASTERN STATES

Lightning Takes Toll of Eight Deaths—White House Has Narrow Escape

NEW YORK, Aug. 11.—Sweeping eastern Pennsylvania, the lowest section of New Jersey and southern New York late yesterday afternoon, the most severe storm of the summer, left destruction in its path. Havoc was wrought by lightning, waters whipped into foam and a wind which at times, reached a velocity of eighty miles an hour.

Prior to the storm the people of three states had sweltered in a temperature ranging from 92 degrees in New York to 96 degrees in Philadelphia. Five succumbed to heat in the latter city and many were taken to hospitals here and in New Jersey. In Philadelphia bolts of lightning took two lives, in New York other bolts claimed three victims.

The storm broke when hundreds of thousands of men and women, many of them accompanied by children, were in the open seeking cooling breezes and scores were injured by falling trees. Not in years has the havoc among trees been so great.

## TWO HUNDRED CAUGHT IN COLLAPSE OF STAND

PHILADELPHIA, Aug. 11.—Death, devastation and tremendous property loss is left in the wake of the worst storm in years, which struck Philadelphia and the surrounding country at 4 o'clock yesterday afternoon. Accompanied by a sixty-mile wind before great, black clouds and large hailstones, everything frail or weak fell in the path of the gust.

The worst accident reported was in Fairmont Park, where a band pavilion near George's hall collapsed, catching at least two hundred persons in the ruins. They had taken refuge from the storm in the pavilion. A baby is dead and many injured persons fill the local hospitals. More than one hundred injured managed to drag themselves to their homes. Only the fact that the pavilion was of light construction, without any real heavy joists, prevented a terrible catastrophe.

## LIGHTNING PASSES OVER WHITE HOUSE

WASHINGTON, Aug. 11.—In a terrific storm yesterday afternoon the lightning passed directly over the flag-staff of the White House and struck the State, War and Navy building. The fluid passed over the top of the building down into the basement and shattering some of the coils of the ice refrigerator. The ammonia escaped in vast volumes and permeated all the corridors of the building. The chief engineer and crew made repairs. In the last storm the north wind whipped the flags off the White House.

## Heavy Storm in Iowa

OMAHA, Aug. 11.—A terrific wind and electric storm is raging in Southwestern Iowa. Wires between Omaha and Des Moines are down. Heavy damage is reported, although no details are available.

## A Land of Opportunity

Humboldt County, the least developed in California, presents splendid opportunities to investors and home-seekers. Men and money are needed for dairying, small fruit growing, truck farming, general farming and apple raising. A country of wonderful resources and ideal climate into which the first railroad is now building. All inquiries promptly answered by the Humboldt Promotion and Development Committee, Eureka, Calif.

### BAXTER-CONGDON

Well Known Santa Ana Girl Was Married at Eureka Recently

Cards have been received here announcing that Miss Grace Congdon of Santa Ana has become the bride of Bert Ray Baxter. The wedding occurred at Eureka on July 26. It is at that place that the newly married couple are making their home. The bride is the daughter of Mr. and Mrs. J. R. Congdon of 306 Cypress avenue, Santa Ana. She was born in this county and was raised at San Juan Capistrano, where she spent her early girlhood, and in Santa Ana, where she went to school and is well known and very popular among a large circle of friends. For some time past she has been visiting in Utah.

### Informal Evening Party

Misses Etta and Ruth Deardorff entertained last Friday evening in honor of Percy Richards, who leaves soon for Australia, where he will reside. Fragrant roses and delicate ferns were used in the artistic decorations of the parlors. Dainty refreshments of Swiss cream, wafers, tea and chocolate were served. During the evening vocal numbers were given by Mrs. Ella Pyfe which were greatly enjoyed. Ernest Crozier Phillips gave a reading with musical accompaniment, "The Soul of the Violin," which was splendid. Mr. Gonzales played the accompaniment on the violin.

Those present were Misses Elsie Harrison, Mary Wakeham, Bessie Mickey, Zoe Glidden, Inez Sutton, Nellie Sumner, Mrs. Ella Pyfe, Mrs. Lou Hickox, Messrs. Lou Hickox, Frank Ward, Ernest Phillips, Ed Hunt, Robert Parker, S. Gonzales, Jack Shaw, Leslie Sumner, and the honoree, Percy Richards, and the hostesses, Misses Ruth and Etta Deardorff.

### Novel Missionary Meeting

The Mission Society will have a missionary meeting Tuesday evening at the First Christian church. The program will begin at 7:45. A special musical program has been arranged, also a conventionette patterned after the Long Beach convention. The ladies have arranged this program that it may be interesting to the men of the church. A general invitation is extended to all men and women interested in the mission work of the society.

### Family Dinner

Mr. and Mrs. John Beatty entertained at their beautiful French street home yesterday with a family dinner. Covers were laid for Mr. Beatty's sister, Mrs. R. T. Wickham, and daughter, Miss Lura, of Eldridge, Cal., who are house guests at the Beatty home. Mr. and Mrs. George Wickham, Mr. and Mrs. Elton Wickham and small son, Roy, of Los Angeles, Miss Minnie Seifert, Mr. and Mrs. Betty and Misses Irene and Edna Beatty.

### Garden Party Tomorrow

The young ladies of St. Joseph's Catholic church have planned a garden party to be held at the church grounds on the afternoon and evening of Tuesday, Aug. 12. The grounds have been attractively decorated with fancy booths and Japanese lanterns. In a rustic booth of quaint design, the Misses Agnes Rudolph and Gretchen Liebermann will sell home-made candy. Under a canopy of gaily striped lavender and green, the Misses Clarice and Alice Keefe will have fancy and practical aprons of

## Personals

W. E. Ferguson, wife and children, formerly of Santa Ana but now of Exeter, Tulare county, are visiting in the city for a week or two. They came down from the North last Saturday and are visiting at the home of Mrs. Ferguson's parents, Mr. and Mrs. J. T. Crisp. Mr. Ferguson at the time of his residence here was a well-known attorney and now occupies a position on the bench in Tulare county.

W. M. McCune left this morning for Hemet where he will engage in ranching. His two children will go to their new home at a later date. Dr. and Mrs. T. F. Doyle went to Los Angeles this morning for a short stay.

Mrs. C. E. Lamme is spending the day in Los Angeles and will attend Madame Sherry this evening.

Miss Mary Ely was a beach visitor today.

Miss Jessie Muxworthy of Los Angeles was on over-Sunday visitor at the home of Fred Muxworthy of 120 South Birch street.

Mrs. A. L. Remsburg this morning accompanied Mr. and Mrs. J. Morrow and their son, James, to their home in San Diego for a week's visit. The trip was made by automobile. Mr. and Mrs. Morrow have been visiting at the Remsburg home.

Miss Mabel Strunk of Fresno, formerly a student in the high school here, came down Saturday for a short visit at the home of her aunt, Mrs. Charles Fox of 615 South Broadway. Miss Strunk will go to Riverside on Tuesday for a visit with relatives there.

Mr. and Mrs. G. D. Campbell and daughter, Violet, of 808 E. street, and Mr. and Mrs. Roy Vincent left this morning for a two weeks' outing at Bear Valley. The trip was made by automobile.

Prof. and Mrs. J. A. Cranston, Misses Alice and Rena Cranston, and their guest, Miss Georgia Smith, who have been occupying the "Pony's Retreat" at Avalon since the first of the month, are expected home next Friday.

Miss Pauline Parsons is visiting her friend, Miss Victoria Christman, of Redondo Beach, for a few days.

Miss Blanche Graves, who has been attending the normal school at San Diego, is visiting at the W. H. Smith home. She will be here several weeks.

The many friends of Rev. and Mrs. W. H. Wotton, formerly of this city, will be glad to know that their daughter, Miss Margaret Wotton, who was recently operated upon at the California Hospital, has recovered to join her parents at their cottage on Catalina Island.

Misses Leslie Smith, Bessie Lewis, Elizabeth Eagleson of Los Angeles, Mary Smart and Stella Daniel have returned from a jolly week spent on Catalina Island.

Mrs. F. W. Mansur returned today from a stay at Laguna Beach.

Mrs. J. B. Winter, of 1509 Bush street, returned Saturday from a six weeks' visit in Iowa, with relatives and friends. Mrs. Winter has experienced some disagreeable weather and is glad to be in Southern California again.

E. C. Brown left today for Hillsboro, Oregon, on a business trip.

Students going north to Stanford and Berkeley have begun to prepare for the opening of school. Charles Ball and Ellis Breeden were among the earliest to leave Santa Ana for the North. They left Saturday afternoon. Dexter Ball started for Berkeley yesterday.

C. E. Hughes and family, formerly of Pomona, have moved to Santa Ana and will make their home here. Mr. Hughes is a cement contractor and has already done some work here and has several other jobs of his line of work in view.

O. K. Orgy returned Saturday from a three weeks' business trip to Logansport, Indiana.

Mr. C. F. Mansur of North Main St., who has been in Alaska for the past month returned yesterday.

Mr. and Mrs. F. H. Cochran and daughter, Velma, of Riverside are spending two weeks in Santa Ana visiting the Chapman families. Mrs. Cochran is the daughter of Mr. and Mrs. F. J. Chapman.

Mr. and Mrs. A. E. Chapman and two sons, George and Frank, go to Huntington Beach tomorrow for ten days. They will stop at the tent city and will attend the G. A. R. encampment.

Mr. and Mrs. Roy Vincent left yesterday for a two weeks' outing at Bear Valley.

Mr. and Mrs. P. A. Nelson of Washington, D. C., arrived in Santa Ana this morning for a visit at the home of their daughter, Mrs. W. Faust of 1003 E. street. This is Mr. and Mrs. Nelson's third visit here. They will stay about a month.

EXPECT TO DODGE NEW SALOON CLOSING LAW

SACRAMENTO, Aug. 11.—Patrons of Sacramento's cafes in which intoxicating liquor is sold will be asked shortly before 2 a. m. tomorrow morning if they desire to order in advance to keep their parties going, so the "2 to 6" closing law will not annoy them. It will not be necessary to close saloons or cafes to comply with the provisions of the new law when it becomes effective, proprietors say. The law merely prohibits the sale, gift or distribution of intoxicating liquors, it is asserted.

## VISITORS ARE MORE NUMEROUS THIS SUMMER THAN IN HISTORY

CHAMBER OF COMMERCE, Los Angeles, Aug. 8.—The attendance here has been a marvel, even to one who has been here quite a spell, like Frank Wiggins. He declares emphatically that in the twenty-odd years of his experience the interest has never approached that of the present time.

This proves two things. There are more people coming to Los Angeles than usual and that they are earnestly searching for information. In the past few days I have entertained people of royal lineage from two foreign nations, and several royal personages from several provinces within our beloved kingdom.

A plain, ordinary extraordinary, or by-gosh, it might have been just ordinary, from away off on the sun-drenched shores of New Zealand called on me for a lot of information, and strung his inquiries together like a quarter's worth of wieners.

I plowed furrows deep like a sub-soil in memory's reservoir, tied square knots, bow knots and granny around my fund of information, and with all my skill at fencing, could not parry his thrusts. When he asked me how many pounds of butter fat there was in a ton of alfalfa hay, and the relative food values of alligator pears and mission olives, I was forced to capitulate from physical exhaustion.

His Royal Nibs, the high muckamuck of the agricultural department of Peru, staggered up against my lines of defense, and asked more questions, in a mixed dialect, than I could muster answers for during the present fiscal year, so I called the game a draw.

John Spencer Young, a noted pencil pusher from St. Louis, Mo., was a noon-day caller today, and 'aul Goldsmith with his blushing bride of sixteen and a few odd summers, top notch people from the city of Oakland, have kept me busy for several days dodging questions concerning Orange county, and other more or less desirable sections of the Southland.

I have a sneaking notion that Paul thinks I am going to invite him to locate with us, but here is where I put one over him. I am not going to do anything so rash. The county pays me to stay here and look out for her best interests, and a wink

to a blind horse is as good as a nod to an auctioneer.

Last week I enjoyed the exquisite pleasure of an afternoon visit with a brace of school marmas from Hopkingsville, Ky. One of them, Miss Bessie Turner, came down and looked Orange county over, and the way she went into rhapsodies over its beauties and attractions made me wish she would hasten back to the blue grass borders and pack her belongings.

Another other, Miss Nannie Reeder, was less exuberant in her manifestations, but that was mostly due to lack of opportunity to investigate, and I suspect, there is an attraction at the other end of the line, wearing male attire.

Just why this is so I am unable to say, but there has been an unusual influx of lady teachers this year, and they are not spinsters, either, with the shady side on the wrong page of the ledger, but are mostly of the brisk, bright, snappy type, the kind that would grace our schoolrooms in crowded city or quiet village.

Not a few of the Los Angeles papers some time ago teamed with information to the effect that there had been born, in that benighted municipality, a baby boy weighing 14½ pounds. The most loquacious pencil pushers on the force were set to work to write the story up, and they did it ample justice, I'll agree. Of course the circumstance was sufficiently unlikely to lead Los Angeles to justify the cackle, but when even greater things happen in Orange county they are expected and no comment is made.

Not so many years ago, in the city of Santa Ana, there appeared at the home of our esteemed citizen, Z. B. West, a human being perfect in limb and language, and of the stern persuasion, who, while costumed only in the habiliments of the original occupants of the "Garden," tipped the beam at 15 pounds, and there was no blaring of trumpets nor tooting of tin horns, either. The boy is now a healthy lad of several summers, and his mother measures him up mentally, physically and morally with the highest standard yet established, and who, might I ask, in all sincerity, knows a boy's worth as well as his mother.

MISS HATTIE WHIDDEN IN ABSTRACT OFFICE

Today with the withdrawal of Walter Eden from the employ of the Orange County Title Company to enter the office of the district attorney as deputy, Miss Hattie Whidden becomes associated with the title company as searcher of records. Miss Whidden has had experience in the abstract business both in Santa Ana and Los Angeles, where she was employed by the Los Angeles Abstract & Trust Company.

FOUND BEAR TRACKS TOP OF SIERRA PEAK

Bear tracks or something that looked just like bear tracks were found on top of Sierra Peak yesterday morning by a party of four Santa Anans who spent Saturday and Sunday in the Alta Vista section. In Clyde Butler's machine, Butler, W. H. Stearns and his son and Reynard Bergman with George R. Wells as host went to Alta Vista to the Wells cottage. Yesterday morning early they hiked to the top of Sierra Peak, which is 3500 feet above sea level, and saw the sun rise. It was there that the bear tracks were seen.

The visitors did not make the acquaintance of the bear himself. Alta Vista is one of the most picturesque spots in Southern California, and the hike to the top of the peak full of delight for a lover of the out-of-doors.

## AN OLD TIMER ON OLD TIMES

Broncho Bill Williams Lived on Newport Bay in 1861—Fish Plentiful

Newport News: W. W. Williams, better known as "Broncho Bill" was here from Corona Friday renewing old acquaintances.

Williams is the oldest of the pioneers of the Newport Bay region, as he first saw the bay in 1861 and lived in this vicinity for years before there was a house in Santa Ana.

He was engaged in the fishing business here for years before there was any railroad near and tells about catching 1800 pounds of croakers with a seine in the bay, loading them in a wagon, covered with help and hauling them to San Bernardino where he sold them for 25 cents a pound. He also tells of helping to catch five bottlenose at one haul "near the little mountain in the bay," meaning "Concepcion Island."

"Broncho Bill" knows all of the old timers and they all know him. He says that Joe Baraca, the old Sonoma Indian who is still living on the beach, was an old man when he first knew him, and as "Broncho Bill" admits his own age to be 80 in April it will confirm the statement often made that Baraca is close to 100 years old.

The old pioneer is still hale and hearty in spite of his advanced age, and tells many interesting stories of the early history of the beach. He says that when he first came here the channel into the ocean was where the old Ferguson house now stands and that the ocean afterward ran into the bay at the little bayon a quarter of a mile this side of the present entrance. He says Albert Duarte was the first child born in this vicinity and that he remembers Albert when he was a baby at Old Newport Landing at what is now called Port Orange.

Williams says there is no truth in the story that John Cross, the county charge now living at Port Orange has been here for thirty years as recently made the subject of a romantic story by a Los Angeles newspaper, and that Cross has not been here longer than ten years. He says that Cross formerly lived in a little shack near where the Santiago siding now stands between this city and Huntington Beach.

As "Broncho Bill" has been away from Newport Beach there are not many faces among the "people" here now that are familiar to him, but he knows Albert Duarte, George Morales, Jim Stamps, C. S. Henstreet, A. N. Smith, Joe Baraca and Tony and Joe Morales.

He says he has been in every county in the state and those who know him do not doubt his word.

## UP-TO-DATE MAP OF SANTA ANA HAS JUST BEEN ISSUED

A brand new, up-to-date map of Santa Ana has just been completed and issued by George L. Bates, former city engineer, and Clyde D. Butler. This is the first map of the city issued since 1907, and upon it many changes will be noted that are not to be found on any other city map. All the streets and subdivisions, including all the new subdivisions down to the present month, all block and lot numbers and the dimensions of all acreage properties are shown. The map measures 43 by 62 inches. It is a blue-line print, and is as clean cut as it is possible to make a map. There is a demand for a map of this kind, and the one issued by Bates and Butler will be found to meet the requirements. It is thoroughly up-to-date and reliable.

## PLANS DRAWN ARE APPROVED

Carnegie Authorities Satisfied With Fine Outlay for Library

HUNTINGTON BEACH, Aug. 11.—The Carnegie corporation of New York has approved the plans drawn by Tuttle & Hopkins of Los Angeles for the Carnegie library at Huntington Beach. The building will cost about \$10,000 and the fittings, as well as the parkings and walks, will be paid for by the city.

The library will be erected at Walnut avenue and Eighth street, on a lot 50x117 feet in size and which has already been paid for by the city. The library has a large number of books and is supported by a special annual municipal tax of 15 cents, amounting to nearly \$2000 a year. The library trustees are Arthur E. Paine, W. S. Hill and Mrs. C. H. Howard, Mrs. W. T. Newland and Mrs. Louis Paul Hart.

The plans for the new structure call for a building 20x50 feet in size. The exterior will be of red tapestry brick trimmed with a light gray back. The roof will be of mission tile.

The basement will contain a large lecture room, librarian's workroom and furnace room. The first floor will contain the general reading room, reference room, children's room and librarian's rooms. The floor will be of oak. There will be sufficient stack space to accommodate 5000 volumes. All the furniture will be of quarter-sawn oak.

### BUILDINGS PLANNED

WEST NEWPORT, Aug. 11.—L. O. Lotzpeich, who owns considerable property at Newport Heights, has plans and specifications in the hands of a Los Angeles contractor for a number of houses to be built for the employees of the Branigan art glass factory, which is now almost completed. Miss H. Blackmer, principal of the Newport school, is erecting an attractive home on two lots in this place.

Mrs. Newbride—"Yes, but this is the way mother washed. She always said to boil the clothes good and long."

Anty Drudge—"Yes, and your mother wore hoopskirts, and a poke bonnet, and did her sewing by hand, when she was young. Take my advice and use Fels-Naptha Soap in cool or lukewarm water."

"Boil 'em. Boil 'em good," was the old way of washing. Until the invention of Fels-Naptha Soap that was the only way. Now, isn't it foolish to keep on boiling clothes, and rubbing them hard, when a way to wash better in cool or lukewarm water with no hard rubbing has been found?

But there's a right way and a wrong way to use Fels-Naptha Soap. Start right.

Follow the directions on the red and green wrapper and you'll have a better, easier, cleaner way of washing.

## WORLD'S GREATEST RADIO STATION FOR CANAL ZONE

WASHINGTON, Aug. 11.—One of the greatest naval radio stations in the world, even eclipsing in size the new station at Arlington, Va., is to be constructed by the United States at Calumet, in the canal zone. It will be known as the Darien radio station, and whereas only one of the Arlington towers reaches the height of 600 feet, all three of the towers at Darien will be that high.

The Darien plant, it is expected, will be able to communicate with San Francisco, as well as Arlington, and reach into the southern seas as far as Valdivia, Chile, 471 miles south of Valparaiso, on the west coast of South America, and as far as Buenos Ayres, Argentina, on the east side. Throwing its waves across the Atlantic, this new station should communicate with the island of St. Vincent, 590 miles west of Africa.

## BRILLIANT ARMY CAREER IS ENDED

WASHINGTON, Aug. 11.—Brig. Gen. William H. Bixby terminated a brilliant army career today. He was voluntarily retired as a major general after an army record dating back to 1873. And he retired earlier than the required age limit in order that a brother officer, Col. William T. Russell, might have the honor for a time of serving as chief of engineers. Col. Russell was near the age limit and had Gen. Bixby remained in the service until being retired involuntarily, Col. Russell would have retired in the meantime as a colonel. With Gen. Bixby's voluntary retirement Col. Russell today becomes a brigadier general and will be retired at the next highest grade. Bixby made a remarkable record for efficiency as chief of the engineer corps of the army. He has been connected with numerous big river and harbor improvements all over the country.

## TEMPLARS GATHER FOR TRIENNIAL CONCLAVE

DENVER, Colo., Aug. 11.—By midnight tonight it is expected that 100,000 visitors will be in Denver to attend the Thirty-second Triennial Conclave of the Knights Templar, which will open here tomorrow. Since 6 o'clock Sunday morning special and regular trains, crowded with knights and their ladies have been arriving at Union station at the rate of one every eight minutes.

Each arriving commandery is being escorted to headquarters by uniformed Sir Knights headed by bands. Tonight the members of the Grand Encampment, headed by Grand Master Melish, will be entertained at a reception given by Denver Commandery No. 25, and Colorado Commandery No. 1, both of Denver. Band concerts will be given at City Park and at the specially erected temporary stadium this afternoon and evening.

## AT THE COURTHOUSE

AT WORK UNDER  
NEW SALARY  
ACT

Deputies Sworn in and Every-  
thing Moves Along as  
Smoothly as Ever

With three new deputies in the courthouse, the official life in that institution started off today under the new county government act with no interruption whatever caused by the changes made by the enactment. A. L. Hitchcock as deputy county clerk, Walter Eden as deputy district attorney and P. B. Glover as bailiff entered upon their new duties. Deputy County Clerk Hitchcock was quickly initiated into the job at Cupid's counter, one of his first official acts being the issuance of a marriage license.

## Going to Appeal

Attorney F. C. Spencer of Anaheim has given notice that he will appeal from the decision of Judge West in the action of Carl Rodemeyer against G. Meger. In this case the plaintiff asked for an order to compel Meger to allow a ditch to go across his land. The court decided that Rodemeyer could pipe the water and keep the pipeline entirely on his own land. Judgment was for Meger, and Spencer is to appeal for Rodemeyer. Rodemeyer was fined \$200 for beating Meger with his fists, and Meger has sued Rodemeyer for personal damages.

## Articles Filed

A copy of the articles of incorporation of the Highland Company have been filed here. It is an agricultural

company, capitalized for \$10,000, with F. R. Eisey of San Gabriel and H. G. Pettit and N. Plant of Los Angeles as directors.

## Attachment Case

Notice of attachment has been recorded in an action brought in Tulare county, the First National Bank of Visalia against A. Schlotthauer and others on a demand for \$340. Five lots in block 230 and one lot in block 330, Lancaster's addition to Newport Beach, have been attached.

## Mechanic's Lien

E. A. Bell, the plumber, has filed a mechanic's lien for \$340 against the Auditorium Theater Company.

## Marriage License

Joseph Henry Wilke, 23, of Anaheim and Helen Dorothy Fischer, 22, of Santa Ana.

DELAYED SALMON RUN  
NOW SWAMPING PLANTS

SEWARD, Alaska, Aug. 11.—The long delayed run of salmon that for a month threatened to make a complete failure of the fishing industry in the Cook's inlet country, has arrived and every cannery in this section is running to capacity and refusing fish. Fish trap men at Seldovia, Kenai, Kaslof and other points were despondent and had practically given up hopes of getting any fish at all this season when the run started. The canneries were doing nothing as they had no fish to work with.

Single traps have caught as many as 120,000 Alaska reds in three days and at Kenai, many of the traps are so choked with fish that they are dying in the traps before they can be taken out and transported to the canneries.

CLOUDBURST FLOODS  
COLORADO SPRINGS

COLORADO SPRINGS, Colo., Aug. 11.—A cloudburst here last night demoralized railroad and street car traffic in the Pike's Peak region, and several families are reported to be homeless at Colorado City, where the rainfall was heaviest. Water three feet deep ran through the principal streets of the town, and hundreds of houses were flooded. The fire department was called upon to rescue a number of persons marooned in their homes between Colorado City and Manitou. Several bridges on the Midland railroad are reported washed out.

## IN THE JUSTICE COURT

SALE TO MINOR  
COST SALOON  
MAN \$200

Max Reckenbuch of Newport  
Beach saloon paid a Fine  
in Justice's Court

Because he sold liquor over the bar to a boy under 18 years of age, Max Reckenbuch of Newport Beach on Saturday paid \$200 into the county treasury. The payment was made to Justice Shirley of Huntington Beach, who is sitting for Justice Cox, now away on a vacation. The complaint against the Newport Beach saloon man was sworn to by Deputy District Attorney Koepsel, the sale alleged having occurred several weeks ago. Reckenbuch pleaded guilty to the charge.

## Had Butcher Knife

Ramondo Griego of Delhi was spoiling for blood this morning. Last night there was a Mexican row at Delhi, and Under Sheriff Law and Deputy Dean were called. Before they arrived, however, the disturbance had quieted down. This morning about 4 o'clock Griego, who had just awakened from a drunken stupor, went down the road with a big butcher-knife in his hand. After threatening a crowd of Mexicans he stumbled on to the porch of C. E. Walker's house. Walker went to the door and ordered him to go. Griego picked up an empty fruit jar and hurled it at Walker, but missed him. He then dashed at the man, saying he would kill him with the knife. Walker knocked the man off the porch, and in the tussle that followed got the knife from him. Law and Dean were again called, and they took Griego to jail.

SWIMMING POOL IS  
PROVING A POPULAR  
PLACE FROM START

With a splendid pool and a thorough equipment of spring-boards, ladders and swinging ropes, the Santa Ana Bath House has done a tremendous business since it turned in the water for the first time at 4 o'clock last Wednesday. The capacity of the pool has been taxed a number of times with a happy crowd of men and boys. Yesterday between 1 and 4 o'clock over 200 bathers were sporting in the constantly changing water of the pool. Divers and swimmers were having the time of their lives.

Now that the small boys have had the first "swims," the management proposes to immediately set apart Tuesdays and Fridays as ladies days, commencing tomorrow. Tomorrow the attendant will explain the plan for a ladies' auxiliary of the Athletic Club, so that they, too, may have access to the gym.

The spirit with which the crowds have entered into the entertainment afforded by the plunge has been admirable.

Along with the plunge there are provided shower and tub baths, with hot and cold water, for those who desire them.

STILL WARM BODY OF  
MURDERED GIRL FOUND

NEW YORK, Aug. 11.—The body of a well dressed young woman was found about midnight in the patch of marsh ground at Two Hundred and Seventh street and Spuyten Duyvel Creek, her throat cut from ear to ear. There was another gash beneath the chin. The body was still warm when found.

The ground about the body appeared to have been the scene of a scuffle. The body was lying face downward. It was that of a woman stockily built, about 5 feet 3 inches, and weighing about 140 pounds, and about 25 years old.

## BOARD OF SUPERVISORS

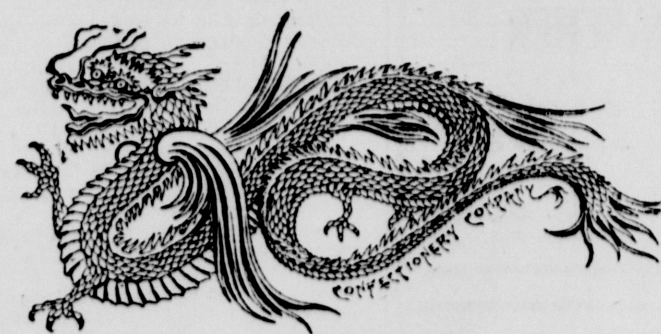

ALL BIDS FOR COUNTY  
HOSPITAL REJECTED

This afternoon the Board of Supervisors rejected all bids received for the erection of the county hospital at West Orange. It was found that the low bidder, Fruit & Bird, were \$4300 under the next lowest bidder, and that the low bid was made on a misunderstanding. The county has a contract for cement to be used on the county highways, and one or more of the bidders put in their figures on the belief that they could get cement at the same figures as that named in the county's contract. This proves not to be the case. Today a letter was read stating that the county got a price of \$1.35 a barrel because the contract was big and especially to prove the efficiency of the material in road jobs.
